

# Clay Studio of Missoula Firing Fees

(Studio Artist Renters, Members, Residents, Interns)

**NEW RATES AS OF JANUARY 1, 2021**

Firing fees for students are currently included in their class tuition for work produced specifically for a class

The CSoM charges firing fees per piece based on cubic inches. Current price schedules are listed below. **All work should be measured and paid prior to placing work on the glazed work shelf.** It is the responsibility of the individual to fill out the firing payment slip. Any payments should be made in cash, credit, or check made out to the Clay Studio of Missoula in person or deposited in one of our payment boxes.

Place a ticket by your work to “mark” that you have recorded the work on your payment slip!

## FIRING FEES BY THE PIECE

Fee includes bisque, glaze firing and use of shop glazes. Fees may not be pro-rated.

Pay per piece firing fees will be charged at the following rates:

Firing Type	Cost per CU/IN (L x W x H)
Low Fire Electric (cone 04)	\$ 0.024
Mid Fire Electric (cone 6)	\$ 0.029
High Fire Gas (cone 10)	\$ 0.029

*Participants are responsible for measuring and payment prior to placing work on the appropriate “glaze fire” shelves.*

## FULL KILN RATES

**Participants must be pre-approved by the office or studio manager to fire any kiln (training available)**

*Participants are responsible for loading, firing, unloading, and clean up. You MUST pay at time of firing*

*(monthly Studio Artist renters & Residents may pay with monthly payments)*

***If you processed your bisque work through our community firings, you must add the bisque surcharge to your full kiln fee***

**Full kiln rates are available to qualified members as follows**
